

Dear Parents and Guardians,

As you may know, Fenwick utilizes a medical records system called Magnus Health SMR (Student Medical Record). As this is a web-based system, you will have continuous access to your child's health record as well as the ability to make updates when needed. You will also have the option to access the account after your child graduates.

CURRENT FENWICK PARENTS, you will continue to use the same user name and password for the duration of your time at Fenwick, any new freshmen students will show up in your current Magnus Account.

ATTENTION ATHLETES: Students who are in a sport will need all forms in the Magnus/Blackbaud system by **June 10th**. Sports Physicals are good for 1 year. **Students are subject to exclusion if forms are not in by the deadline.**

STUDENTS IN ALL GRADES we ask that you enter the health information required within your Magnus Health SMR account for each child attending Fenwick **no later than July 1st**. **Students are subject to exclusion from school and activities if the July 1st dead line is not meet.**

Timely submission of health information and other forms is vital so that preparations can be made prior to the first day of school and/or practice. You will receive weekly reminders as long as there are outstanding items in your account. Please reserve 20 to 30 minutes per child, depending on particular circumstances. The good news is that you will not have to repeat this work next year: the data is securely stored, so going forward you will simply provide updates to the record as needed.

To access your Magnus Health SMR Account:

Current Fenwick parents may access your Magnus account at any time using your current user name and password, if you have forgotten or misplaced your password please email dpape@fenwickfriars.com or kmonty@fenwickfriars.com and we will send your user name and password. **NEW Fenwick Parents** will receive an email **from Magnus/Blackbaud**, providing your username/password to access your child(ren)'s Magnus Health SMR account(s).
