

*I appreciate this opportunity to say "thank you" to Fenwick for providing the services of both Grace (Lilek) David and Kyle Kmiecik this year. After sending two daughters through Fenwick, we knew it was an outstanding high school both academically and spiritually. My husband and I were just unsure how they would be able to handle the special needs of our third daughter. She was diagnosed and received treatment for "anxiety" since she was 6 years old. By 4th grade...she received a 504 plan to help accommodate for her special needs...*

*Throughout the summer I called Fenwick and talked to Eleanor Comiskey about making sure my daughter's schedule was not going to be overwhelming since she tested into very rigorous classes. She reassured me that Ms. Visteen and Mr. Kmiecik would be there for her throughout the year if she needed any assistance. The first semester was definitely challenging for my daughter to adjust to her new high school routine. She had ups and downs especially when it came time for testing. She was reassured that she could go to Ms. Lilek and Mr. Kmiecik whenever she was feeling especially anxious. They were such a huge blessing for her in many ways beyond "testing". The most important thing they did was truly listen and care about our daughter's welfare. They even e-mailed her twice during spring break to check in...There were numerous times I wanted to say "thank you" because my daughter would come home telling me how they calmed her down and were liaisons between her and the teachers. They empowered my daughter so I rarely needed to get involved. My daughter frequented the Learning Resource room almost every week. If it weren't for these services, I am not sure my daughter would have made it past the first semester this year. Thank you to these wonderful teachers and the administration for providing these services.*

Parent of a student in the Class of 2022; included in the program for two years.
